

26.11.2010 BACTERIOLOGY POSTER SIR RONALD ROSS HALL 10 AM

Ser no	Presenting author	Title of presentation	Abstract No
1	Abida Khatoon	The prevalence of bacterial vaginosis in patients antenatal clinic at tertiary care.	BP1
2	Afroz Y Bloch	Utility of UTI chrom agar media for the identification of the bacteria.	BP2
3	Aiswariya Alex	A study on common contaminants of microbiology laboratory.	BP3
4	Ajay Kumar	Healthcare associated urinary tract infection in intensive care unit of tertiary care hospital of Pune.	BP4
5	Anima kumari	Rare and emerging bacterial pathogens: they were, but we didn't know.	BP5
6	Anusheela Howlader	Pelvic actinomycosis with hydronephrosis – a case report.	BP6
7	Archana Jha	<i>Streptococcus pneumoniae</i> causing bacteremia	BP7
8	C A Meeduri	Acute upper respiratory tract Infection in school going children.	BP8
9	D Pravakar Reddy	A comparative study of blood culture isolates from pediatric tertiary care hospital by conventional and automated methods.	BP9
10	Deepak Patil	Clinico-epidemiological study of leptospirosis.	BP10
11	Devanshi Gohil	Study of seroprevalence of human leptospirosis in and around Mumbai.	BP11
12	Utpala Devi	Survival of group A streptococci on filter paper strips.	BP12
13	Dina Raja	A bacteriological study of bile in gall bladder diseases in Gauhati medical college hospital.	BP13
14	Dweep Jyoti Baishya	Bacteriological profile of neonatal septicaemia in a tertiary care hospital (Assam Medical College & Hospital) during one year study period from August 2009 to July 2010.	BP14
15	G Thawani	Prevalence of sexually transmitted disease syndromes amongst high risk groups in West Bengal	BP15
16	Gitali Bhagawati	Bacterial isolates from burn wound infection according to the percentage of burn and their antimicrobial susceptibility pattern.	BP16
17	Indira B Poojary	Bacteremia caused by gram negative nonfermenting bacilli.	BP 17
18	Jasmin Halim	A study of the spectrum of aerobic bacteria in patients with ventilator associated pneumonia in Gauhati Medical College and Hospital, Guwahati.	BP18
19	K Lakshmi	A study of microbial etiology of CSOM.	BP19

	Prasanna		
20	Kanchan Kathalay	Study of transmission dynamics of leptospirosis in and around Mumbai.	BP20
21	Karthi J	Bacterial profile of ear infections in the rural population of suburban Chennai.	BP21
22	Kiran R	Phenotypic characterization of non-fermentative gram negative bacilli from clinical samples.	BP22
23	Koel Bhattacharya	Emergence of tetracycline resistant <i>Vibrio cholerae</i> O1 in Kolkata and modulation of resistance by time and dose dependent potential of a novel copper chelate .	BP23
24	Madhavi	Clinicoserological study of pyrexia of unknown origin.	BP24
25	Manjula Dutta	Changing trends of bacterial isolate & antibiotic sustibility pattern in neonatal sepsis: a study from a tertiary care hospital in Eastern India.	BP25
26	Monjuri Katki	A bacteriological study of cases of corneal ulcers with reference to antibiotic susceptibility in patients attending Regional Institute of Ophthalmology, Guwahati, Assam.	BP26
27	Moumita Adhikary	Microbiological evaluation of cases of meningitis attending Katihar Medical College and Hospital, Katihar, Bihar.	BP27
28	Mridula M	Necrotizing fasciitis: can microbiology change the outcome.	BP28
29	Nagarajan Abimanyu	PVL positive methicillin resistant <i>Staphylococcus aureus</i> skin and ear infections in Chennai, South India.	BP29
30	Narayan Shrihari	Characterization of enterococcal isolates from various clinical samples.	BP30
31	Naveen G	Bacteriological study of acute pharyngitis in children aged 5-15 yrs with special reference to streptococcal grouping.	BP31
32	Nirav Pandya	Nasal carriage of MRSA among intern and resident doctors of a tertiary care hospital in Gujrat.	BP32
33	Parimal Patel	<i>Serotypes and phage types of Vibrio cholerae in Ahmedabad.</i>	BP33
34	Peerapur B V	Pediatric brucellar chorea - a rare case report.	BP34
35	Prabhurajan R	Correlation of bacterial infection, serum C-reactive protein and total WBC count in neonates.	BP35
36	Priyanka Ghosh	Characterization of <i>Klebsiella</i> isolates from a tertiary care hospital.	BP36
37	Raja Mukherji	Recent trends in antimicrobial resistance pattern of <i>Escherichia coli</i> in urinary tract infections.	BP37
38	Rajlakshmi Viswanathan	<i>Acinetobacter baumannii</i> and other nonfermenting gram negative bacilli- an emerging problem in neonatal intensive	BP38

		care units.	
39	Randhawa V S	Hospital associated blood stream infections in a neonatal unit of a tertiary care hospital.	BP39
40	Rashmi P Mahale	Chrom agar and CLED agar for urine culture, a comparative evaluation.	BP40
41	Richa Misra	Changing microbiological profile of pathogenic bacteria in diabetic foot infections in India.	BP41
42	Richa Sinha	Antibiotic sensitivity pattern of <i>Escherichia coli</i> causing bacteremia.	BP42
43	Rituparna Chakraborty	First case report of <i>Moraxella osloensis</i> diarrhoea in a hus/arf paediatric child from rural coastal India. – Manipal, Karnataka.	BP43
44	Roy Swagnik	Etiology of genital discharge with special reference to <i>Mycoplasma genitalium</i> in patients attending central referral hospital, Gangtok and KPC medical college and hospital, Kolkata.	BP44
45	Rumpa Saha	Metallo beta lactamase producing <i>Pseudomonas auruginosa</i> - A major cause for concern in hospital acquired UTI.	BP45 Award Paper
46	S.B.Das	Animal model to detect the transplacental transmission in <i>Burkholderia pseudomallei</i> .	BP46
47	Sangita Gupta	Salmonella ovarian abscess : a case report.	BP47
48	Sanjay Biswas	Profile of blood stream infections at a tertiary care cancer Centre.	BP48
49	Saveta Choraria	Bacteriology of urinary tract infection among Patients attending a tertiary care hospital in Assam.	BP49
50	Seema Agrawal	Bacteriological profile and antibiotic sensitivity pattern of isolates from neonatal septicemia.	BP50
51	Shalini Duggal	Comparative study of identification and AST on phoenix direct from culture bottles of BACTEC	BP51
52	Shalini Duggal	Enteric fever: clinico-microbiological review of 32 culture positive cases.	BP52
53	Sharon Rainy Rongpharpi	Etiology of blood culture isolates among patients admitted in neonatal ICU of a tertiary care hospital in Assam.	BP53

54	Shwetha S	Clinical profile of <i>Enterobacter</i> infections and its resistance pattern at a tertiary care center.	BP54
55	Soumita Dutta	Rare and emerging bacterial pathogens from clinical settings: footsteps of the devil.	BP55
56	Syed Tanwir Alam	Scrub typhus : a case report.	BP56
57	Ujjwala Routh	Accuracy of gram staining in BACTEC positive blood cultures for early detection of bacteremia .	BP57
58	V Naveenkumar	Native valve endocarditis caused by <i>Granulicatella adiacens</i> .	BP58
59	Vijayshree Deotale	Detection of oxacillin resistant <i>Staphylococcus aureus</i> in blood cultures of neonates using various phenotypic methods and PCR.	BP59
60	Vikrant Negi	Endotracheal tube – biofilms - MDR organisms: the “three idiots” in critical care.	BP60
61	Sandhya Rani Thota	Incidence of malaria and typhoid in acute fever.	BP61

26.11.2010 VIROLOGY POSTER SIR RONALD ROSS HALL 10 AM

ser no	Presenting author	Title of presentation	ABSTRACT NO
1	Amita Jain	Concurrent infection with multiple dengue viruses and their effect on the severity of dengue illness.	VP1
2	Arati Mane	Induced sputum (IS) versus bronchoalveolar lavage (BAL) for detection of pulmonary pathogens in HIV infected individuals.	VP2
3	B Mishra	Development and validation of multiplex RT-PCR for diagnosis of Dengue and Chikungunya viral infections.	VP3
4	Ch Navaneetha	Serological diagnosis of dengue during an outbreak.	VP4
5	G Thawani	Current trends of polio & non polio Enteroviruses from acute flaccid paralysis cases in eastern India.	VP5
6	Irfaan Akhtar	Tuberculosis-HIV co-infection in tertiary rural hospital in Western Maharashtra, Loni.	VP6
7	Johnson Christdas	Hepatitis C genotypes in the Indian subcontinent – a report from a tertiary care hospital in South India.	VP7
8	K Madhuri	Secondary bacterial infections as a cause of mortality in patients infected with the novel H1N1 influenza virus.	VP8
9	K N Patil	Circulation of influenzaPune.	VP9
10	Kadam A	Antigenic characterization of Influenza A(H1N1) strains from human ill cases in Pune, India, 2004-2010.	VP10
11	Krishna S	Prevalence and epidemiological distribution of Chikungunya in North Karnataka.	VP11
12	Lakshmy A	Prevalence of Hepatitis C and Hepatitis B among thalassemia patients in a pediatric tertiary care hospital in Delhi.	VP12
13	M Sharma	Comparison of RNA extraction methods from archival formalin fixed paraffin embedded autopsy myocardial tissues and its evaluation for gene expression studies.	VP13
14	Manasi Majumdar	Investigation of hepatitis E outbreak in a factory setup.	VP14
15	Milan Sengupta	Preventive role of homoeopathic medicines on Japanese encephalitis virus infection on chick chorioallantoic membrane.	VP15
16	Mithila Sridhar	To assess the anti-HBs levels in HBV vaccinated healthcare workers, students and non-vaccinated general population in a tertiary care hospital in South India.	VP16

17	Mithu Medhi	A comprehensive study on the correlation between the clinically suspected acute encephalitis syndrome (AES) cases and serologically diagnosed cases of Japanese encephalitis in CSF and serum samples of patients attending Assam Medical College and Hospital for the period 01.01.2009 to 30.06.2010.	VP17
18	Mohana S	A report on pandemic influenza (H1N1 2009) in Tamilnadu.	VP18
19	Monika Rajani	Spectrum of feco-orally transmitted viral hepatitis in a tertiary care hospital in urban India.	VP19
20	Munne K R	Study of seroprevalence of HBV, HCV and HIV in STI clinic attendees along with various epidemiological markers.	VP20
21	Nandana Das	Occurrence of HIV-HBV co-infection among patients attending anti retroviral therapy (ART) clinic in Calcutta School of Tropical Medicine (CSTM) and its relationship with CD4 cell count.	VP21
22	P Padmapriya	Development of RT PCR for detection of Dengue viruses by virus isolation.	VP22
23	Patil NP	Immunocomb II bispot Dengue test as an alternative strategy for detection of Dengue infection .	VP23
24	Poulami Nandi	Prevalence of HSV2 antibody in cancer cervix.	VP24
25	Prodyot Prakash	Application of nested PCR in detection of high risk human papillomaviruses in preinvasive and invasive lesions of carcinoma cervix.	VP25
26	Rahul Chavan	<i>in-vitro</i> study of Indian medicinal plants as potential anti-HIV agents.	VP26
27	S Lakshminathan	Epidemiology of H1N1 infection in and around Coimbatore, Tamil Nadu.	VP27
28	S Srirangaraj	Absolute lymphocyte count as a surrogate marker for CD4 counts after HAART initiation in resource-limited settings: a study from South India.	VP28
29	Sakshee Gupta	Correlation of HIV 1 viral load and CD4 count in patients of chronic HIV infection .	VP29
30	Sangeetha N	The prevalence of primary and secondary Dengue infections in and around Coimbatore.	VP30
31	Saravana Murali K.	Seroprevalence and clinical manifestations of Chikungunya in Tamilnadu. Are we entering in neurovirulence of Chikungunya?	VP31
32	Shilpi Srivastava	Comparison of ELISA with RT PCR in the diagnosis of gp A rotavirus infection causing acute watery diarrhoea in hospitalized paediatric population.	VP32
33	Shruti Malik	Clinico-sero-epidemiological study of Chikungunya infection in and around Lucknow district.	VP33
34	Sourav Sen	Correlation of CD4-positive lymphocyte count with total lymphocyte count, hemoglobin and erythrocyte sedimentation rate levels in human immunodeficiency virus type-1 disease as surrogate markers in resource-limited settings.	VP34
35	Tapan Majumdar	Sociodemographic profile of HIV seropositive individuals along with their CD4 status in Tripura.	VP35
36	Shivram Dhakad	Comparison of influenza virus detection and typing by hemagglutination inhibition assay (HI) with reverse transcription PCR (RT-PCR).	

27.11.2010 MYCOLOGY POSTER SIR RONALD ROSS HALL 10 AM

Sr No	Presenting Author	Title Of Presentation	Abstract No
1	Abhijit De	Evaluation of Cryptococcal meningitis among HIV seropositive patients in A Rural Based Tertiary Care Hospital In Central India".	Myp1
2	Abhilasha Kochhar	Fungal etiology of Rhinosinusitis from a Tertiary Care Hospital in New Delhi.	Myp2
3	Arun Kumar	Candida colonization and neonates admitted to NICU.	Myp3
4	B L Sherwal	In vitro susceptibility to Amphotericin B of fungal isolates from patients with Chronic Rhinosinusitis.	Myp4
5	Baladev Das	Etiological profile of Onychomycosis cases in OPD-patients attending a tertiary care hospital in West Bengal.	Myp5
6	Bibhudutta Rautaraya	A study of Mycotic Keratitis in Eastern India.	Myp6
7	Bornali Sarmah	Distribution of Candida Species in different clinical isolates in immunocompromised patients in Gauhati Medical College Hospital.	Myp7
8	Bornini B.	A Renal Bezoar of <i>Epicoccum nigrum</i> .	Myp8
9	Anuradha Chowdhary	Comparison of antifungal susceptibility profiles of clinical and environmental isolates of <i>C neoformans</i> Var. <i>Grubii</i> And <i>C gattii</i> serotype b from North-Western India.	Myp9
10	Gitanjali D Pawar	Mycological profile of corneal infections in and around Solapur.	Myp10
11	Hema Mathurkar	A fatal case of Cutaneous Zygomycosis due to <i>Saksenaea vasiformis</i> In a patient with paraparesis in Mumbai.	Myp11
12	Virendra Jaiswar	Antifungal susceptibility pattern of yeasts isolated from cancer patients .	Myp12
13	M R Capoor	Changing spectrum and anti-fungal susceptibility of fungemia/candidemia in a Tertiary-Care.	Myp13
14	M R Capoor	Clinico-Investigative Profile of Cryptococcosis In a tertiary-Care Hospital In Delhi.	Myp14
15	Manisha Tandale	Characterisation Of <i>Candida Species</i> In Critically Ill Patients In ICU.	Myp15
16	Manoj Samant	Evaluation of chrom agar in speciation of Candida Isolates.	Myp16
17	Parashuram Rao	Prevalence of superficial mycoses among school children in Manipal.	Myp17
18	Partha Rakshit	Changing epidemiological and clinicomycological and susceptibility pattern of Onychomycosis .	Myp18
19	Poonam Gupta	Microbiological study of clinically suspected cases of subcutaneous mycoses.	Myp19
20	Prakash A	Seasonal variations in prevalence of <i>Cryptococcus neoformans</i> Var. <i>Grubii</i> And <i>Cryptococcus gattii</i> in decayed wood inside trunk hollows of diverse tree species in North- Western India: A Retrospective Study.	Myp20

21	Pratibha K	Fatal fungemia due to <i>Lodderomyces elongisporus</i> : first report of two cases from a Tertiary Care Hospital in North India.	Myp21
22	Perna Gupta	<i>Exophiala spinifera</i> causing chronic disfiguring facial lesions in a young immunocompetent patient.	Myp22
23	Rakesh Singh	<i>Candida parapsilosis</i> : An emerging fungal pathogen.	Myp23
24	Richa Misra	Clinical, Epidemiologic And Microbiological aspects of Candidemia at a Tertiary Care Centre in North India.	Myp24
25	S Sharan	Diagnosing Pulmonary Aspergillosis - A study on fungal antigen detection, culture and antifungal susceptibility.	Myp25
26	Saikat Basu	Susceptibility of <i>Candida Spp.</i> Isolated from neonatal candidaemia patients to Amphotericin-B.	Myp26
27	Shallu Kathuria	<i>In Vitro</i> Antifungal Susceptibility Of Clinical Isolates Of <i>Aspergillus Spp.</i> And Other Pathogenic Molds.	Myp27
28	Sangeeta Joshi	A retrospective study of species distribution and antifungal susceptibility of blood <i>Candida</i> isolates in a Tertiary Care Hospital.	Myp28
29	Sathyanarayan M. S.	A study of Keratomycosis in patients attending VIMS, Bellary.	Myp29
30	Soma Bose	Muco-Cutaneous Candidiasis In a Tertiary Care Hospital : Causative species & anti-fungal susceptibility.	Myp30
31	Sunanda Shrikhande	Generalised Nocardiosis in an immunocompromised patient – a case report.	Myp31
32	Deepa Anil Kumar	Study of enzymatic virulence factors in isolates of <i>Candida</i> from vulvo vaginal Candidiasis.	Myp32
33	Shashank Prateek	Opportunistic infections in leukemia and lymphoma patients attending a Tertiary Care Centre.	Myp33
34	V. Nerurkar	Identifying <i>Candida</i> and other yeast isolates from clinical specimens in a diagnostic microbiology laboratory': a 32 months experience.	Myp34.
35.	Debabrata Das	Evaluation of Chrom Agar for rapid identification of <i>Candida species</i> from clinical isolates in a Tertiary Care Rural Hospital.	Myp35
36	Sharon Rainy Rongpharpi	Cutaneous Hyalohyphomycosis caused by <i>Acremonium Species</i> : A Case Report.	Myp36 (Award Paper)

27.11.2010 IMMUNOLOGY POSTER

SIR RONALD ROSS HALL

10 AM

Sr No	Presenting author	Title of presentation	Abstract No
1	Mehvash Haider	Evaluation of cytokines in cardiovascular disease.	IM-P1
2	Renu Bhardwaj	HLA associations as prognostic markers in rheumatoid arthritis.	IM-P2
3	U Shrestha Khwakhali	Development of Cl-sensor device for the quantitative detection of β -HCG by chemiluminescence immunoassay.	IM-P3
4.	Jagdev Kaur	Role of rapid Immunochromatographic dipstick for diagnosis of Kala Azar	IM-P4
5	B K Chourasia	Mapping of immunodominant regions in p1 protein, a <i>Mycoplasma pneumoniae</i> major surface antigen.	IM-P5

Sr No	Presenting author	Title of presentation	Abstract No
1	A Agarwal	Performance of microscopic observation drug susceptibility (MODS) assay for detection of multidrug resistance (MDR) tuberculosis.	TB-P1
2	Abdul Azeem	Tuberculous epididymo-orchitis presenting as scrotal swelling – a case report.	TB-P2
3	Anuradha	Critical evaluation of quality assurance in laboratory diagnosis of tuberculosis in selected microscopic centers under RNTCP.	TB-P3
4	Appalaraju B.	Nitrate reductase assay for testing susceptibility of <i>Mycobacterium tuberculosis</i> .	TB-P4
5	Archana Choure	Characterisation of mycobacterial isolates from HIV seropositive patients at SCSMGH, Solapur-Maharashtra.	TB-P5
6	Dashora Deepti	Comparative analysis of DNA extraction methods for <i>Mycobacterium tuberculosis</i> .	TB-P6
7	Dimple Kasana	How efficient is hupB gene based PCR in the diagnosis of tuberculous lymphadenitis ?	TB-P7
8	Mangala Ghatole	COMBINED DRUG RESISTANCE OF <i>M. TUBERCULOSIS</i> IN SOLAPUR –ANALYSIS OF A DECADE(2000-2009).	TB-P8
9	Gnanapoongothai	Evaluation of rapid MTT tube method for detection of drug susceptibility of <i>Mycobacterium tuberculosis</i> to rifampicin and INH.	TB-P9
10	Harsimran Kaur	Evaluation of polymerase chain reaction using <i>mpb64</i> primer for rapid diagnosis of tuberculous meningitis.	TB-P10
11	Imdadi F	A comparative study of microbiological diagnostic techniques for tuberculosis.	TB-P11
12	M A Patil	Isolation of mycobacteria from clinical samples by BACTEC 460 TB system.	TB-P12
13	M Jayavarthinni	Soft tissue infection with <i>Mycobacterium fortuitum</i> – an unusual case report.	TB-P13
14	Kiran Deepti Jaitley	Effect of sodium hypochlorite on sputum acid fast bacilli smear microscopy.	TB-P14
15	Suma Appannanavar	Post operative <i>Mycobacterium fortuitum</i> infection following laparoscopic inguinal hernia repair: a case report.	TB-P15
16	Suvarna Joshi	Evaluation of <i>in-vitro</i> anti-tuberculosis activity of extracts of <i>Asparagus racemosus</i> , <i>Solanum surattense</i> , <i>Cinnamomum verum</i> .	TB-P16
17	Urmita Chakraborty	Peripheral macrophage cytokine response to BCG and H37rv.	TB-P17
18	V Sindhanai	Tuberculous arthritis of ankle joint – a case report.	TB-P18
19	Vasantharaja R	Oral tuberculosis in a patient with lepromatous leprosy : a diagnostic dilemma.	TB-P19
20	Bhalavi S F	Subdural Empyema due to <i>M. fortuitum</i> in a non HIV Patient- A Case Report.	TB-P20

Ser No	Presenting author	Title of presentation	Abstract No
1	Akshith Thimmaiah	Prevalence of ventilator associated pneumonia in intensive care unit of Kasturba Medical college.	H-P1
2	Amitabha Bhattacharjee	Evaluation of different phenotypic methods to detect ampc beta-lactamase among clinical isolates of <i>Pseudomonas aeruginosa</i> .	H-P2
3	Bhawal S	Surgical site infections : a prospective one year study in a tertiary care hospital.	H-P 3
4	Gitali Bhagwati	Blood culture isolates among patients admitted in intensive care unit along with their antimicrobial susceptibility pattern.	H-P4
5	Gupta N	Isolation and identification of <i>Acinetobacter</i> species and their antibiotic resistance pattern.	H-P5
6	J B Kalita	Septicaemia due to <i>Burkholderia pseudomallei</i> : a case report.	H-P6
7	Mehnaz W. Rizvi	Emergence of coryneforms as pathogens in nosocomial surgical site infections in a tertiary care hospital.	H-P7
8	Neelima Ranjan	Incidence and antimicrobial susceptibility of bacteria causing ventilator associated pneumonia.	H-P8
9	Neeta Khokhar	Microorganism associated with decapacitating ophthalmic infections in patients attending a tertiary care hospital, Surat.	H-P9
10	Nirav pandya	Nasal carriage of MRSA among intern and resident doctors of a tertiary care hospital in Gujarat.	H-P10
11	Padma Srikant	Assessment of endotoxins in indoor air and personnel in intensive care unit of a healthcare facility in West Chennai.	H-P11
12	Pallabi Bhattacharya	Bacterial profile and antimicrobial susceptibility pattern in catheter-related nosocomial infections.	H-P12
13	Pragathi E	Epidemiology and bacteriological profile in burns patients .	H-P13
14	R N Misra	Ventilator-associated pneumonia in ICU care setting of a tertiary care hospital.	H-P14
15	Rama Sikka	Prevalence and antibiotic sensitivity pattern of bacteria isolated from nosocomial infections in an orthopaedic ward.	H-P15
16	Rushika Saxena	Use of stethoscope as an indicator of hand hygiene in intensive care unit of tertiary level hospital in North India.	H-P16
17	Subhabrata Sarkar	Role of limited access dressing in eliminating multidrug resistant pathogens capable of forming biofilms in wound infections.	H-P17
18	V S Rajmane	Incidence and risk factors associated with central venous catheter related infection.	H-P18

Sr No	Presenting author	Title of presentation	Abstract No
1	Anita Banerjee	<i>Fasciolopsis buski</i> infection in an elderly female.	P-P1
2	Gaikwad D.	Study of rapid diagnostic test and hematological parameters in malaria.	P-P2
3	M Sen	A case of bancroftian filariasis with chylohematuria.	P-P3
4	Mariraj J	A comparative study of conventional microscopy, QBC and pLDH assay in the diagnosis of malaria.	P-P4
5	R C Pande	Spectrum of parasitic infestation in patients of Viveknanda Polyclinic & Institute of Medical Science, Lucknow (Uttar Pradesh).	P-P5
6	Rahul Gosavi	Assessment of the larvicidal activity of <i>Polyalthia longifolia</i> extracts against <i>Aedes aegypti</i> .	P-P6
7	Rohan Kesarkar	Assessment of the antioxidant and larvicidal activity of <i>Hemidesmus indicus</i> and <i>Lepidagathis lutea</i> .	P-P7
8	Roshni Patel	Study of clinical cases of parasitic diseases -three case reports.	P-P8
9	Sahil Kulkarni	Assessment of <i>in vitro</i> anti-malarial potential of extracts of <i>Carica papaya</i> , <i>Swertia chirata</i> and <i>Punica granatum</i> .	P-P9
10	S B Siddesh	Primary retroperitoneal hydatid cyst, uncommon site, unusual number: a case report.	P-P10
11	Sanjib Gogoi	Ocular onchocerciasis: a case report.	P-P11
12	Srirupa Pal	Sero-prevalence and risk factors of <i>Toxoplasma gondi</i> in pregnant women in Kolkata, India.	P-P12
13	Binesh Lal Yadav	Overview of parasitic infection in a tertiary medical care hospital.	P-P13

28.11.2010 ANTIMICROBIAL RESISTANCE POSTER SIR RONALD ROSS HALL 9 AM

Ser No	Presenting author	Title of presentation	Abstract No
1	Amutha C	Detection of extended spectrum and AmpC beta lactamases in neonatal sepsis in Kilpauk Medical College Hospital, Chennai.	AM-P 1
2	Angshuman Jana	Incidence of extended spectrum beta-lactamase producing gram negative isolates from nosocomial infections in a tertiary care hospital- IPGMER, Kolkata.	AM -P 2
3	Ashish Asrondkar	Triazole having azomethine linkage as potential antimicrobial agents.	AM -P 3
4	Atreyi Chakraborty	Surveillance on antibiotic resistance of Enterococcus isolates from nosocomial infections in a tertiary care hospital –IPGMER/SSKM,Kolkata.	AM -P 4
5	B Ravikumar	Survey of methicillin resistant <i>Staphylococcus aureus</i> among hospital personnel.	AM -P 5
6	Balaji A V M	Comparison of incidence of extended specrum betalactamases in <i>Klebsiella</i> species among clinical isolates in tertiary care hospital.	AM -P 6
7	C K Vidyaraj	Antimicrobial profile of <i>Salmonella enterica</i> sub spp enterica serovar Typhi isolates in a tertiary care hospital in Pondicherry.	AM -P 7
8	D Jeyakumari	Spectrum of antimicrobial resistance among MRSA isolated from patients and carriers in a tertiary care hospital.	AM -P 8
9	D N Mukherjee	Incidence of carbapenem resistant <i>Acinetobacter baumannii</i> causing nosocomial respiratory tract infection in intensive care units (ICUS) in a tertiary care centre in Kolkata.	AM -P 9
10	Debasmita Das	Prevalence and risk factors of community acquired-methicillin resistant <i>Staphylococcus aureus</i> in a tertiary set up.	AM -P 10
11	Debasrita Chakravarty	First report of infection caused by metallo beta lactamase producing bacteria in Kolkata, India.	AM -P 11
12	Debkishore Gupta	Microbiological study of parapneumonic effusions and antibiotic susceptibility patterns.	AM -P 12
13	Deep	Antimicrobial resistance pattern of bacteria and yeast isolated from high vaginal swab (HVS) samples of women of reproductive age group.	AM -P 13
14	Deepinder K Chhina	Prevalence of extended spectrum beta lactamase producing <i>Escherichia coli</i> and <i>Klebsiella spp.</i> among urine samples.	AM -P 14
15	Diganta Dey	Development of fluoroquinolone resistance in relation to ESBL producing capabilities of clinical isolates obtained from a referral laboratory of Kolkata.	AM -P 15
16	Frincy Khandelwal	Antimicrobial susceptibility pattern of <i>Vibrio cholerae</i> isolated from Gauhati Medical College and Hospital.	AM -P 16
17	Gopalkrishnan Kaushik	Prevalence of beta lactamase mediated resistance in gram negative bacilli isolated from patients with septic ulcer and abscess admitted to a tertiary care hospital in Chennai.	AM -P 17
18	J Jayalaxmi	Detection of KPC producing <i>Enterobacteriaceae</i> among clinical isolates in a tertiary care hospital.	AM -P 18
19	Jaya S	Comparison of use of oxacillin screen agar and cefoxitin disc for detection of MRSA.	AM -P 19
20	Jyothi H J	Flouroquinolone resistance in <i>Salmonella typhi</i> and <i>Salmonella paratyphi A.</i>	AM -P

			20
21	K Prabhat Ranjan	Bacteriological profile and antimicrobial resistance pattern of uropathogens	AM -P 21
22	Krishan Nandan	Rate of isolation of extended spectrum beta lactamase (ESBL) producers in gram negative bacilli in Katihar, Bihar.	AM -P 22
23	M N Sumana	Extended spectrum β lactamase producers and MRSA in bacterial isolates from post operative wound infections.	AM -P 23
24	Mrunali Ghag	Antimicrobial and antioxidant activity of crude extract of <i>Cymbopogon citratus</i> .	AM -P 24
25	R Mukhopadhyay	Incidence of suspected ESBL and AmpC coproducers using ceftioxin and cefepime discs among <i>Enterobacteriaceae</i> in a Kolkata hospital.	AM -P 25
26	Nandita Pal	Bacteriological profile, antibiotic sensitivity pattern and incidence of surgical site infection in laparoscopic surgery versus open surgery, at a tertiary care hospital at West Bengal.	AM -P 26
27	Neelam Gulati	Evaluation of various methods for detection of methicillin resistant <i>Staphylococcus aureus</i> (MRSA) and their susceptibility pattern.	AM -P 27
28	Neelima Ranjan	Incidence and antimicrobial susceptibility of bacteria causing ventilator associated pneumonia.	AM -P 28
29	Neetu Gupta	Isolation and identification of <i>Acinetobacter</i> species and their antibiotic resistance pattern.	AM -P 29
30	Nibedita Das	Isolation and characterization of extended spectrum beta lactamase in urinary isolates.	AM -P 30
31	Nidhi Prasad	AmpC detection among the ESBL screening test positive but confirmatory test Negative <i>E. coli</i> & <i>Klebsiella spp.</i> Isolates.	AM -P 31
32	Nupur Gupta	Evaluation of ceftioxin disk diffusion test for routine detection of Methicillin-resistant <i>Staphylococcus aureus</i> .	AM -P 32
33	Pavaman Bhat	Metallo beta lactamases producing organisms: monster at the doorstep.	AM -P 33
34	P. H. Chavhan	Antimicrobial activity of synthesized organic molecules consisting benzothiazole moiety.	AM -P 34
35	R C Pande	Antibiotic sensitivity pattern of bacteria isolated from pus sample in Viveknanda Polyclinic & Institute of Medical Science Lucknow (Uttar Pradesh).	AM -P 35
36	R Kalaivani	Antibiotic resistance mechanisms in clinical isolates of <i>Pseudomonas aeruginosa</i> in a tertiary care hospital.	AM -P 36
37	Rashmi Snata Barman	Burden of extended spectrum beta –lactamase in a tertiary care hospital in Guwahati.	AM -P 37
38	Rini Roy	Mode of killing of microorganisms with vasaka leaf extract.	AM -P 38
39	S Jayakumar	Prevalence of ESBL and AmpC beta lactamases in aerobic gram negative clinical isolates at tertiary care hospital.	AM -P 39
40	Sangeeta Joshi	Emergence of carbapenem resistance in <i>Enterobacteriaceae</i> in a tertiary care hospital.	AM -P 40
41	Sanjeev D Rao	Metallo beta lactamase in gram negative isolates of burn wound infections”	AM -P

			41
42	Sarita Kar	Antibiogram of methicillin resistant and sensitive <i>Staphylococcus aureus</i> isolates from ocular infections.	AM -P 42
43	Sayanti Mukherjee	Possibility of control of MDR <i>Pseudomonas aeruginosa</i> by synergistic combination of Piperacillin with Methylglyoxal .	AM -P 43
44	Seema Shetty	A comparative evaluation of antibacterial efficacy of different mouth rinses against <i>Streptococcus mutans</i> , <i>Lactobacillus</i> and <i>Candida albicans</i> – an in vitro study.	AM -P 44
45	Shanthi B.	Isolation and Characterisation of bacteria causing wound infection and its antibiotic resistance detection with special reference to Extended spectrum beta lactamase production.	AM -P 45
46	Shaswati Chaki	Significant antimicrobial action produced by combination of methylglyoxal and honey.	AM -P 46
47	Shreekant Tiwari	Prevalence of inducible Clindamycin resistance in <i>Staphylococcal</i> isolates in clinical samples from a tertiary care hospital from eastern part of India.	AM -P 47
48	P S Swetha	Clinical profile of <i>Enterobacter</i> infections and its resistance pattern at a tertiary care center.	AM -P 48
49	Ujjayini Roy	Prevalence of MBL producing <i>Pseudomonas aeruginosa</i> in a tertiary care hospital.	AM -P 49
50	Anisha Sarkar	Better detection of ESBL and AmpC the laboratory.	AM -P 50
51	G Hareendranath	Antibiotic sensitivity pattern of <i>Citrobacter</i> isolates from pus specimen	AM -P 51
52	Harish B N	Multiclinal emergence of colistin-resistant <i>Klebsiella pneumoniae</i> from blood isolates in South India.	AM -P 52
53	Kumari Seema	Emergence of novel metallobeta lactamase (NDM-1) in clinical enterobacterial isolates from tertiary hospital, Northern India	AM -P 53
54	Lakshmy A	Prevalence of drug resistance among <i>Enterococcus</i> spp isolated from sepsis cases.	AM -P 54
55	Latha J	Comparison of MRSA-screen, a rapid method for MRSA detection with the conventional method and clinical correlation of the results.	AM -P 55
56	Manoj Jais	Evaluation of chrome agar selective medium and oxacillin resistance screening agar base for identifying MRSA.	AM -P 56
57	Parijat N. Goswami	Emerging drug resistance of the isolates from infections occurring in cancer patient.	AM -P 57
58	Pratibha Chaturvedi	Antibacterial bioactive compound trigonelline from seven cultivar of <i>Allium cepa</i> L. seeds (onion).	AM -P 58
59	Pooja R Rao	Detection of Inducible Clindamycin Resistance in <i>S.aureus</i> & study of its associated risk factors.	AM -P 59
60	S.Bhattacharya	Antibiotic susceptibility pattern of <i>Acinetobacter</i> spp. isolated from various clinical specimens in a tertiary care hospital in West Bengal.	AM -P 60
61	Shreewardhan Rajopadhye	Evaluation of antibacterial activity of two Indian medicinal plants on <i>Escherichia coli</i> and <i>Staphylococcus aureus</i> .	AM -P 61

62	Sonal saxena	Antimicrobial resistance pattern of <i>Shigella</i> species at a tertiary care teaching hospital in North India.	AM -P 62
63	Supriya Upadhyay	Evaluation of Boronic Acid Inhibition based method and their genotypic correlation among AMP c beta lactamase producing <i>E coli</i> .	AM -P 63
64	Surekha Y A	Recent trends in antimicrobial susceptibility patterns of <i>Escherichia coli</i> in urinary tract infections.	AM -P 64
65	Surya N Mishra	Prevalence of fecal carriage of ESBL producing <i>Enterobacteriaceae</i>	AM -P 65
66	Sushma M	Susceptibility pattern of clinical isolates of methicillin sensitive and resistant strains of <i>Staphylococcus aureus</i> .	AM -P 66
67	Swati B Gajbhive	Prevalence of ESBL and MBL producing pigmented and non pigmented pseudomonas isolated from clinical specimens of burns and surgery ward in a tertiary care hospital	AM -P 67
68	U. Jethwani	Inducible Clindamycin resistance in <i>Staphylococcus aureus</i> isolated from clinical samples.	AM -P 68
69	Veenu Gupta	Incidence of metallo- β -lactamase (MBL) producing nonfermenters isolated from respiratory samples in ICU patients.	AM -P 69
70	Veer P	Study of carbapenem resistance in clinical isolates of <i>Acinetobacter baumannii</i> .	AM -P 70
71	Vrushali Patil	Synthesis and evaluation of some new benzofuran derivative.	AM -P 71
72	W.Vishnuvandana	Detection of methicillin and vancomycin resistance among <i>Staphylococcal</i> isolates.	AM -P 72
73	Syed Ali A.	Detection Of AmpC Beta lactamases In <i>Pseudomonas</i> And <i>Acinetobacter</i> species from Various Clinical Samples.	AM -P 73
74	Susmita Bhattacharya	Detection of vancomycin resistance among MRSA isolates from a tertiary care hospital in Kolkata.	AM -P 74
